

Interview Questions

Ask your assigned classmate (your “client” for this project) the following questions and write down their answers to help you design a shoe that would suit them.

Remember to ALWAYS be respectful when you ask questions and when you listen to their answers. Think about how much you would appreciate someone taking time to listen to information about your life and use this time to learn more about your neighbor.

1. What are your favorite things to do for fun?
2. What was your favorite pair of shoes that you have worn, and why were they your favorite?
3. Were those favorite shoes comfortable?
4. Do you have different shoes for different activities? What are your favorite to wear?
5. What is your favorite color?
6. What is your dream job/occupation/goal?
7. What is the most important thing in your life?
8. Do you prefer to be outside or indoors?
